Term 1 Week 6 Monday March 4th 2019

Warami N' Allowah Mittigar (Darug)

(Hello... come in, sit down friend)

Dear Lovely Community,

Family Fun Day

On Saturday we hosted a happy family event. There was a jumping castle, face painting, child friendly activities a cake stall and a P & C BBQ. A very big thank you to Geoff Cooper, Paul Wilkinson and Mr Gero for giving up their time on the day to run the BBQ. An amazing \$380 was made by these super volunteers. Great job!!

Edible Garden Festival

Last Saturday our Victoria's Vegies was showcased at the Edible Garden Festival. We had great crowds through with everyone impressed by our gardens. Thank you to our special volunteers who worked so hard to get our gardens in shape as well as supervising in the garden throughout Saturday.

Green Team

We are starting a green team for students interested in our gardens and environment. Our school environment is vast so there will be plenty for our student's helpers to work on. Green team will be starting soon and will meet during second break.

Matthew Street Gate

This gate will now be locked from 9.15am. If you are running late for school, children are required to enter via the Victoria Street Gate. The gate will reopen at 2.30 pm.

Warm Regards

Moiria

Important Notice

Edible Garden Festival

Banksias Review

Some thoughts from our class...

Violet - We're been learning about the moon and how it revolves around the Earth. I've made heaps of new friends.

Lynden - I like this classroom because it's the best classroom.

Astrid - This is the best class I've had since year one. We've done lots of art to decorate the classroom. In maths, I've learnt to do the written strategy the right way, because I used to put numbers in the wrong columns.

Oliver - We have fun times, like when we do plays. I learned lots about maths, like how to write my numbers the right way.

Daniel - We have the good times and the bad times (when we don't have free time).

Beau - We've learned a lot about the Moon, the Sun and the Earth.

Jenson - Sometimes Mrs Herring doesn't let us go on the computers even after we have worked for 1000 hours!

Jakub - I learned about Roman Numerals from the poster in our classroom. This is the best classroom.

Britney - We've been learning about the Earth and that it revolves around the sun. I love this classroom because it is very fun. I like maths because you get to figure out problems.

Lucien - This class is the best class ever. I've learnt how to write quicker.

Jirra - We've been having lots of fun together and I've been learning to write.

Zoey - Mrs Herring teaches us so much. I've learnt so much from this class like how to join letters in running writing. I love learning maths because when I was in year three I would put the answers backwards, but now I have learnt the right answers.

Claire - I've learned a lot about writing and running writing.
